

INDIVIDUAL ACCESSORY BOLT KITS

Just about any fastener type you can think of is available from ARP in convenient skin-packed cards by product group. Look for them at your favorite performance parts retailer. And note that all ARP fasteners are proudly manufactured in the U.S.A. in our own factory. It will pay you to invest in the best.

For your convenience, ARP has taken the most popular combinations and compiled complete Engine & Accessory Bolt Kits. *You'll find them all on page 61 of this catalog.* Each kit contains about a dozen different fastener groups. They're available for engines ranging from Briggs & Stratton to big block Chevy, Ford and Chrysler powerplants.

Also available, display skin-packed in groups of five are "bulk" fasteners that are offered in coarse, fine and metric threads. These 5-packs come in a wide array of lengths, ranging from about 1/2" to 5 inches. They are offered in polished stainless steel or in black oxide chrome moly. You can also get companion 5-packs of nuts and washers. *See the complete listing on page 82.*

ALTERNATOR STUD KITS

Strange as it may seem, there have been many races lost in oval track, off-road and endurance competition due to the OEM alternator stud failing and the subsequent loss of electrical power. To prevent this from ever happening, conscientious engine builders rely on ARP's "bulletproof" alternator studs. They're made from a premium grade 8740 chrome moly steel alloy and heat-treated to a nominal **200,000 psi** tensile strength. They are very rigid and won't bend under the stress of competition, eliminating problems with alternator pulley alignment. Here's more reliable "insurance" from the innovators at ARP. Available in 5.000" and 5.250" lengths. Includes a 12-point nut and flat washer.

Description	OAL	Coarse Thread Length	Fine Thread Length	Part No.
7/16 stud	5.000	1.000	1.000	300-0501
7/16 stud	5.250	1.000	1.000	300-0502

COIL BRACKET BOLT KITS

Add a touch of class to your coil bracket installation with an ARP bolt kit. Available in black oxide finished chrome moly or rust-proof stainless steel, as well as with a conventional hex head or compact 12-point (great for use with those coils mounted in tight, hard-to-reach places). Washers included. Coil bracket bolts also included in ARP's popular Engine & Accessory kits.

Application	Black Oxide		Stainless 300	
	Hex	12-Point	Hex	12-Point
CHEVY	130-2302	130-2301	430-2302	430-2301
CHEVY LS SERIES SMALL BLOCK	134-2302	134-2301	434-2302	434-2301
FORD	150-2302	150-2301	450-2302	450-2301

DISTRIBUTOR STUD KITS

One of the most critical – yet often overlooked – fasteners used in any engine locks the timing in place. ARP offers these premium grade studs, which are equipped with vibration-resistant J-form threads, in your choice of black oxide finished chrome moly or rust-proof stainless steel. Select from conventional hex or space-saving 12-point nuts. Washers included.

Application	Black Oxide		Stainless 300	
	Hex	12-Point	Hex	12-Point
CHEVY	130-1702	130-1701	430-1702	430-1701
FORD	150-1702	150-1701	450-1702	450-1701
PONTIAC	190-1702	190-1701	490-1702	490-1701
